#### FIELD LEVEL NOTES

Section Number: Main Field Name: SPRANS

Row Name: Other Federal Funds - SPRANS

Column Name: Year: 2005 Field Note:

Budgeted \$50,000 for Oral Health Grant.

Budgeted \$50,000 for Newborn Hearing Screening Grant ending year.

Section Number: Main Field Name: CISS

Row Name: Other Federal Funds - CISS

Column Name: Year: 2005 Field Note:

Budgeted \$100,000 for State Early Childhood Comprehensive Systems Grant.

Section Number: Main Field Name: WIC

Row Name: Other Federal Funds - WIC

Column Name: Year: 2005 Field Note:

Budgeted \$36,657,956 federal USDA funds for WIC which represents a \$5.7 million reduction from last year. This is due to the completion of the \$5.5 million automation

project.

No funds budgeted for Infant Formula rebates est. at \$15 million.

Section Number: Main Field Name: CDC

Row Name: Other Federal Funds - CDC

Column Name: Year: 2005 Field Note:

Budgeted \$176,708 from Preventive Health Block for our state Healthy Start Home Visitor Program.

Budgeted \$100,000 for colposcopies under the CDC Breast & Cervical Cancer program.

Section Number: Main Field Name: Education

Row Name: Other Federal Funds - Education

Column Name: Year: 2005 Field Note:

Budgeted \$6,994,152 from Part C of IDEA program (includes both federal Education dollars of \$4,122,847 plus other funds).

Section Number: Main

Field Name: OtherFedFundsOtherFund Row Name: Other Federal Funds - Other Funds

Column Name: Year: 2005 Field Note:

Federal Family Planning budget - \$2,310,318 plus \$98,880 Medicaid for Teen Preg. Prevention - \$206,358 plus 254,312

Hemophilia grant - \$27,000

SRS for Make a Difference - \$31,000

			(STATE MCH B	UDGET TOTAL)			

A comparison of State funds from FY 2003 -FY 2005 shows a decrease in state funds of about \$200,000.

Local MCH funds have remained fairly level for the past several years. This is because state funding reductions have mostly been absorbed at the State level.

The peak in Other Federal Funds in FY 2004 is due to the WIC budget, in particular the WIC Automation Project. This \$5.5 million project was completed in mid CY 2004.

Due to the introduction of the new 2000 Census data on children in poverty into the federal funding formula, the State of Kansas federal MCH Grant was reduced by \$187,825. The grant went from \$5,151,370 in FFY 03 to \$4,963,545 in FFY 04. In preparation for making cuts to programs, managers met to reconsider the population group allocation formulae to be sure to retain the 30-30 program requirement (30% for CSHCN and 30% for children and adolescents) despite reductions. This group process resulted in: 1) reduction of \$115,500 to CSHCN program, and 2) reduction of \$75,130 to MCH grants in the Aid to Local category. In addition, there were slight shifts in funding due to group consensus regarding the allocation formula.

### FORM 10 TITLE V MATERNAL & CHILD HEALTH SERVICES BLOCK GRANT STATE PROFILE FOR FY 2005 [Sec. 506(A)(1)]

[SEC. 506(A)(1)]
STATE: KS

#### 1. State MCH Administration:

(max 2500 characters

The Kansas Department of Health and Environment's Bureau for Children, Youth & Families (BCYF) administers the Title V Maternal and Child Health (MCH) Services Block Grant program. The mission of the BCYF is to provide leadership to enhance the health of Kansas women and children through partnerships with families and communities. BCYF assures state- and community-level needs assessment, and engages in policy development and assurance activities to meet those needs. BCYF includes the following program areas: Children with Special Health Care Needs (CSHCN), Newborn Screening, Newborn Hearing Screening, Infants & Toddlers with Disabilities, Nutrition and WIC Services, Maternal & Infant Health (M&I), Family Planning, Child and Adolescent Health, School Health, Home Visitors, Teen Pregnancy Prevention and Abstinence Education. Visit the BCYF website at www.kdhe.state.ks.us/bcvf

(max 2500 characters)

d. CSHCN

e. Others

a. Pregnant Womenb. Infants < 1 year old</li>c. Children 1 to 22 years old

CSHCN assists parents with purchase of medical specialty services, surgery and medications for uninsured and underinsured special needs children.MCH provides reimbursement to local health departments for school entry assessments and vision/hearing screening for uninsured and underinsured children.

b. Population-Based Services:

(max 2500 characters)

Through the oral health initiative, BCYF provides oral health education for children via its website. Other activities include fluoride varnish training for school nurses and public health nurses and state coalition building. Families Together serves in an advisory capacity to CSHCN and serves as an information clearinghouse. In addition, the group assures family enrichment weekends and parent-to-parent support groups for families with special needs children.

15,937

c. Infrastructure Building Services:

(max 2500 characters)

BCYF provides leadership to state early childhood strategic planning to assure that the health and nutrition status of young children is included as a central part of the Kansas early childhood/school readiness framework. BCYF initiated ongoing strategic planning with sessions at six month intervals in order to reassess our mission, vision and values. A priority is to continue to define priorities and core public activities given continuing scarce resources.

## FIELD LEVEL NOTES

1. Section Number: Performance Measure #1

Field Name: PM01 Row Name: Column Name: Year: 2005 Field Note:

Data Source: Kansas Newborn Screening program.

For the July 2003 and 2004 submission the numerator and denominator changed as indicated below.

Numerator: For each State-mandated condition, number of newborns screened and confirmed and who receive appropriate follow up for that condition as defined by the

State.

Denominator: For each State-mandated condition, number of all newborns screened who are confirmed with that condition.

2. Section Number: Performance Measure #2

Field Name: PM02 Row Name: Column Name: Year: 2005 Field Note:

The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

. Section Number: Performance Measure #3

Field Name: PM03 Row Name: Column Name: Year: 2005 Field Note:

The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

Section Number: Performance Measure #4

Section Number: Field Name: PM04
Row Name:
Column Name:
Year: 2005
Field Note:

The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

Section Number: Performance Measure #5

Field Name: PM05 Row Name: Column Name: Year: 2005 Field Note:

The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

Section Number: Performance Measure #6

Field Name: PM06 Row Name: Column Name: Year: 2005 Field Note:

The data reported in 2002 have pre-populated the data for 2003 for this performance measure.

7. Section Number: Performance Measure #7

Field Name: PM07 Row Name: Column Name: Year: 2005 Field Note:

National Immunization Survey Rates for DTP4: Polio3:MMR1 combination are reported here. In Kansas, vaccination for Haemophilus Influenza type B and Hepatitis B were not required for school entry for the the survey years reported here, but recommended and may be under reported.

Data Source: National Immunization Survey

8. Section Number: Performance Measure #8

Field Name: PM08 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not available currently. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004

The 2000 through 2002 numerators and/or denominators were updated.

Data Source:

Numerator - Center for Health & Environmental Vital Statistics, calendar year, resident data.

Denominator - 2000 Census populations (females 15-17) used for 2000, 2001. The 2002 population were calculated using census estimates (Bridged-Race Vintage data set).

9. Section Number: Performance Measure #9

Field Name: PM09 Row Name: Column Name: Year: 2005 Field Note:

1999: 1999 BRFSS; 2000: Zero is entered - The question was not asked in 2000; 2001: 2001 BRFSS; 2002: 2002 BRFSS; 2003: The question was not asked in 2003. In 2005, the question will be asked. Therefore, no data will be available for 2003 and 2004.

2000 Census estimate was used as denominator for 1999-2001 data. 2002 Census estimate was used as denominator for 2002.

Percentage represents percent of children ages 7-17 who have ever had dental sealants placed on their teeth (as reported by an adult respondent, weighted to represent children in population.)

Data for 2003 represents preliminary data collected from the The Smiles Across Kansas 2004 Survey in third graders across Kansas.

# 10. Section Number: Performance Measure #10

Field Name: PM10 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not currently available. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004.

The 2000 through 2002 numerators and/or denominators were updated.

Data Source:

Numerator - Center for Health & Environmental Vital Statistics, calendar year, resident data.

Denominator - 2000 Census populations (children ages 0-14) used for 2000, 2001. The 2002 population were calculated using census estimates (Bridged-Race Vintage data set).

# 11. Section Number: Performance Measure #11

Field Name: PM11 Row Name: Column Name: Year: 2005 Field Note:

The 1999 through 2002 numerators and/or denominators were updated.

**Data Source** 

Numerator - Estimated number calculated using estimated percent from the Ross Laboratory Survey. 2003 data is not available from this survey at this time.

Denominator - Number of occurant births by calendar year, Center for Health & Environmental Vital Statistics. 2003 data is not available at this time. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004.

# 12. Section Number: Performance Measure #12

Field Name: PM12 Row Name: Column Name: Year: 2005 Field Note:

Data Source: Numerator=Children's Developmental Services. Denominator=Kansas Vital Statistics, calendar year "occurrent births". 2002 denominator updated per final occurrent live births.

2002 data was finalized. The finalized percentage was lower than the provisional percentage due to changes in tracking NICU babies. Currently, the denominator for 2003 is not available. It is estimated that Vital Statistic will release this data in Sept. 04.

# 13. Section Number: Performance Measure #13

Field Name: PM13 Row Name: Column Name: Year: 2005 Field Note:

Data Source: US Census - http://www.census.gov/hhes/hlthins/historic/hihistt5.html. Percent of children under 18 years not covered at any time during the year by some type of health insurance.

# 14. Section Number: Performance Measure #14

Field Name: PM14 Row Name: Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabillitation Services (SRS). Federal Fiscal Year 02=Calendar Year 2002

Numerator = Medicaid Consumers (unduplicated number of consumers who received at least one paid service during the year).

Denominator = Medicaid Beneficiaries (unduplicated number of person enrolled in medicaid).

# 15. Section Number: Performance Measure #15

Field Name: PM15 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not currently available. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004.

The 1999 through 2002 numerators and/or denominators were updated.

Data Source:

Numerator - Center for Health & Environmental Vital Statistics, calendar year, resident data.

Denominator - Resident live births

# 16. Section Number: Performance Measure #16

Field Name: PM16 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not currently available. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004.

The 2000 through 2002 numerators and/or denominators were updated.

ICD-10 coding (1999-2002) X60-X84,Y870.

The rate calculated for 2002 may be unreliable due to small sample size.

Data Source:

Numerator - Center for Health & Environmental Vital Statistics, calendar year, resident data.

Denominator - 2000 Census populations (adolescents ages 15-19) used for 2000, 2001. The 2002 population was calculated using census estimates (Bridged-Race Vintage data set)

# 17. Section Number: Performance Measure #17

Field Name: PM17 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not currently available. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004.

The 2001 through 2002 numerators and/or denominators were updated.

Level III Hospitals include Columbia Wesley Medical Center (Wichita), Via Christi-St. Francis, 1998-2000 (Wichita), Via Christi-St. Joseph, 2001-2002 (Wichita), Stormont-Vail Regional Medical Center (Topeka), Columbia Overland Park Medical Center (Overland Park), and Kansas Bell Memorial Hospital (Kansas City).

Data Source:

Numerator - Center for Health & Environmental Vital Statistics, calendar year, resident live births, in-state occurance.

Denominator - Resident live births, in-state occurance.

# 18. Section Number: Performance Measure #18

Field Name: PM18 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not currently available. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004.

The 1999 through 2002 numerators and/or denominators were updated.

Data Source

Numerator - Center for Health & Environmental Vital Statistics, calendar year, resident live birth data.

Denominator - Resident live births

19. Section Number: State Performance Measure #1

Field Name: SM1 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not available currently. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004

Data Source: Center for Health & Environmental Vital Statistics, calendar year, resident data.

The number of live births for both numerator and denominator only included live births where the number of prenatal visits and the month care began were reported on the birth certificate

20. Section Number: State Performance Measure #2

Field Name: SM2 Row Name: Column Name: Year: 2005 Field Note:

This state performance measure is directly related to the data, epidemilogy, and anlaysis resources priority need. This need was identified across all population groups and Joint State Needs Assessment programs (MCH, Primary Care, and HIV/AIDS). "To carry out the 10 essential public health services, MCH programs need access to relavant program and policy information. This reuires basic data capacity on the part of the Title V agency including the ability to monitor health status, to investigate health problems, and to evaluate programs and policies. One measures of this capacity is the availability tof and use by State MCH program of key pubic health data sets..." (Title V Grant Guidance)

# 21. Section Number: State Performance Measure #3

Field Name: SM3 Row Name: Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Transportation - Kansas Traffic Accident Facts (Occupants\*Birth-3 Years Old in Accidents - Safety Belt Usage \*\* History). \*Exclding occupants in vehicle body types: motocycles, mopeds, farm equipment, all-terrain-vehicle, buses, trains, other, and unknown. \*\*Safety belt usage=Child safety seat used property.

# 22. Section Number: State Performance Measure #4

Field Name: SM4 Row Name: Column Name: Year: 2005 Field Note:

Data Source: Kansas State Department of Education (KSDE) - www.ksde.state.ks.us/k12/state\_bldg\_reports.html, State Building Level Reports. All schools. FY99=1998-1999 school year, FY00=1999-2000 school year, FY01=2000-2001 school year, FY02=2001-2002 school year, FY03=2002-2003 school year.

Numerator: Number of (duplicated) violent acts against students and faculty in grades 6 through 9.

Denominator: Number of students enrolled in grades 6 through 9.

23. Section Number: State Performance Measure #5

Field Name: SM5 Row Name: Column Name: Year: 2005 Field Note:

Used Kansas WIC data of children, ages 2-5, as a proxy measure.

Data Source: Pediatric Nutrition Surveillance System (PedNSS), Kansas WIC Program - Table 2C from Summary of Health Indicators Children Aged <5 years. In 2002, CDC revised its guidelines on how PedNSS data are evaluated. The significant change was creating a unique child record that contains data from multiple encounters for a child during the reporting period. Therefore, 2001, 2002, and 2003 data are not comparable with previous years.

# 24. Section Number: State Performance Measure #6

Field Name: SM6 Row Name: Column Name: Year: 2005 Field Note:

Used Kansas Department of Social and Rehabilitation Services data for children ages 6 - 9 as a proxy measure.

Data Source: Kansas Department of Social and Rehabilitation Services (SRS). Adhoc reports. FFY02=Calendar Year 2002.

FFY2003 information is not available. The new Medicaid Management Information System (MMIS) was initiated in October, 2003 and the data conversion is still being updated.

# 25. Section Number: State Performance Measure #8

Field Name: SM8 Row Name: Column Name: Year: 2005 Field Note:

Kan Be Healthy screening data was used as a proxy measure of percent of Kansas infants who receive health care according to the recommended schedule.

Kan Be Healthy data is not available for 2003 at the present.

26. Section Number: State Performance Measure #9

Field Name: SM9 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not available currently. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004

Resident Data, live births where the number of prenatal visits and the month care began were reported on the birth certificate.

Data Source: Center for Health & Environmental Statistics

Field Name: OM05 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not available currently. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004

Prior to 2003, perinatal mortality was defined as fetal death greater than 350 grams and neonatal deaths less than or equal to 6 days. To conform to current MCH guidelines, data from 1999 forward has been updated to reflect fetal deaths greater than 28 weeks and neonatal deaths less than and equal to 6 days. Based on this update the Annual Performance Objective has been revised to align the objective to the 2010 Healthy People target.

Data Source: Center for Health & Environmental Vital Statistics (KDHE), calendar year, resident data.

# FORM 14 LIST OF MCH PRIORITY NEEDS

[Sec. 505(a)(5)]

STATE: KS FY: 2005

Your State's 5-year Needs Assessment should identify the need for preventive and primary care services for pregnant women, mothers, and infants; preventive and primary care services for children and services for Children with Special Health Care Needs. With each year's Block Grant application, provide a list (whether or not the priority needs change) of the top maternal and child health needs in your state. Using simple sentence or phrase ,list below your State's needs. Examples of such statements are: "To reduce the barriers to the delivery of care for pregnant women, " and "The infant mortality rate for minorities should be reduced."

MCHB will capture annually every State's top 7 to 10 priority needs in an information system for comparison, tracking, and reporting purposes; you must list at least 7 and no more than 10. Note that the numbers listed below are for computer tracking only and are not meant to indicate priority order. If your State wishes to report more than 10 priority needs, list additional priority needs in a note at the form level.

- 1. Access Improve access to all aspects of health care for Kansas women and children including children with special health care needs.
- 2. Disparities Reduce health disparities in the MCH population.
- 3. Data Increase data infrastructure, epidemiological capacity, and products of analyses for improved state and community problem-solving.
- 4. Preventable Injuries Decrease unintentional injuries.
- 5. Violence Decrease family violence and suicide.
- 6. Obesity Improve nutritional status and physical activity to address obesity.
- 7. Oral Health Improve oral health status and access to oral health services.
- 8. Mental Health & Substance Abuse Increase access to mental health and substance abuse services for women and children.
- 9. Coordinated Systems of Care Improve systems coordination and remove barriers to client services.
- 10.

# **FORM 16** STATE PERFORMANCE AND OUTCOME MEASURE DETAIL SHEET STATE: KS

SP#

PERFORMANCE MEASURE: Percent of births to Hispanic women having received adequate prenatal care (APNCU).

STATUS:

GOAL To reduce the disparity between Hispanic and Non-Hispanic access to prenatal care.

APNCU Index: Adequacy of Prenatal Care is based on the Adequacy of Prenatal Care Utilization Index by Milton Kotelchuck, PhD, MPH.Percent scoring "Adequate" or "Adequate Plus" on APNCU Index. **DEFINITION** 

Number of live births to resident Hispanic women who have received adequate prenatal care

Denominator:

Total number of live births to resident Hispanic women in the state.

Units: 100 Text: Percent

**HEALTHY PEOPLE 2010 OBJECTIVE** 

Increase the proportion of pregnant women who receive early and adequate prenatal care

**DATA SOURCES AND DATA ISSUES** 

Kansas Center for Health and Environmental Statistics

SIGNIFICANCE The most recent statistics from Kansas shows a lower rate of adequate prenatal care for Hispanic women as compared to

other women in the state. Addressing this goal will help the state to meet its goal of eliminating health disparities.

PERFORMANCE MEASURE: Data capacity of the MCH program.

STATUS: Act

Goal To increase MCH data, epidemiological, and analysis capacity. The MCH program should have access to essential policy

and program relavant information from key public health data sets relating to women, children, and families.

**DEFINITION** MCH data capacity

Numerator:

N/A

Denominator:

N/A

Units: 1 Text: 5

**HEALTHY PEOPLE 2010 OBJECTIVE** 

**DATA SOURCES AND DATA ISSUES** 

Bureau for Children, Youth and Families in consultation with the data resource providers.

SIGNIFICANCE

This performance measure is directly related to the data, epi, and analysis resources priority need. This need was identified across all population groups and JSNA programs (MCH, Primary Care, and HIV/AIDS). "To carry out the 10 essential public health services, MCH programs need access to relavant program and policy information. This requires basic data capacity on the part of the Title V agency including the ability to monitor health status, to investigate health problems, and to evaluate programs and policies. One measure of this capacity is the availability of and use by State MCH programs of key public

health data sets..." (Title V Grant Guidance)

PERFORMANCE MEASURE: Percent of Children under age 4 in motor vehicle crashes using proper child safety equipment.

STATUS: Active

GOAL To increase the number of children age 0-3 using child safety seats which, in turn, is expected to reduce injuries and

fatalities caused by motor vehicle crashes.

**DEFINITION** 

Numerator:

Number of children age 0 to 3 involved in a Kansas motor vehicle crash wearing a properly functioning child safety seat.

Denominator:

Number of children age 0 to 3 with known safety equipment status involved in a Kansas motor vehicle crash.

Units: 100 Text: Percent

**HEALTHY PEOPLE 2010 OBJECTIVE** 

**DATA SOURCES AND DATA ISSUES** 

**SIGNIFICANCE** 

Kansas Accident Records System (KARS), Kansas Department of Transportation

This performance measure is directly related to the "unintentional injuries" priority need. Nationwide, "serious nonfatal unintentional injuries account for 84 percent of injury-related hospitalizations and result in an estimated \$108 billion in lifetime medical cost." (Title V Grant Guidance) In Kansas, unintentional injuries is the leading cause of death for each of the following age groups of children and adolescents: 1-4 years, 5-14 years, and 15-24 years. Within unintentional injuries, motor vehicle crashes are the leading cause of mortality. Kansas statute (KSA 8-1344 through 8-1347) requires that

children under age 4 use a child safety seat.

**PERFORMANCE MEASURE:** Number of Violent acts among 6th through 9th grade students per 100 enrolled students.

STATUS: Active

GOAL To reduce the number of violent acts by students in grades 6 through 9.

**DEFINITION** Violet acts are defined by KSDE "malicious acts against students and staff which results in the student receiving an out-of-

school suspension or expulsion."

Sum of "duplicated violent acts against students" and "duplicated violent acts against faculty" for grades 6 through 9. Violent acts are defined by KSDE "malicious acts against students/staff which results in the student receiving an out-of-school

suspension or expulsion."

Denominator:

Number of enrolled students in grades 6 through 9.

Units: 100 Text: 1

**HEALTHY PEOPLE 2010 OBJECTIVE** 

**DATA SOURCES AND DATA ISSUES** Kansas State Department of Education (KSDE) website. State Building-Level Reports. All schools.

http://www.ksbe.state.ks.us/k12/state\_bldg\_reports.html Numerator: Violence by Grade, Race, and GenderDenominator:

Enrollment by Grade, Race, and Gender

**SIGNIFICANCE** 

This performance measure is directly related to the "intentional injuries" priority need. Grades 6 through 9 were chosen because school violence rates are highest in middle and junior high schools. Also, there is greater potential for intervention and behavior change before the students reach high school.

**PERFORMANCE MEASURE:** Percent of children who are overweight.

STATUS: Active

GOAL To reduce the percentage of children who are overweight.

**DEFINITION** Overweight: Children who are above the 95th percentile according to growth charts.

**Numerator:**Number of overweight WIC children, ages 2-5. Calculated from reported denominator and percentage.

**Denominator:** Number of WIC children, ages 2-5.

Units: 100 Text: 1

**HEALTHY PEOPLE 2010 OBJECTIVE** 

Pediatric Nutrition Surveillance System (PedNSS), Kansas WIC Program - Table 2C, Summary of Health Indicators **DATA SOURCES AND DATA ISSUES** 

Children ages 2-5.

This performance measure is directly related to the "nutrition and physical activity" priority need. "Maintenance of healthy **SIGNIFICANCE** 

weight is a major goal to reduce the burden of illness and its consequent reduction in quality of life and life expectancy....Patterns of healthful eating behavior need to begin in childhood and be maintained throughout

adulthood....There is much concern about the increasing prevalence of obesity in children and adolescents. Overweight and obesity acquired during childhood or adolescence may persist into adulthood and increase the risk for some chronic diseases later in life." (Healthy People 2010, Conference Edition). Furthermore, a recent UK study found that children from economically deprived circumstances are more likely to become obese. (Journal of Epidemiology and Community Health

2000;54:456-460.)

PERFORMANCE MEASURE: Percent of children with at least one dental screen in the past year.

STATUS: Active

GOAL To increase the percentage of children who receive dental screens.

**DEFINITION**Dental care: Receive adequate fluoride exposure or adhesive sealants, regular professional care, or oral hygiene

instruction.

Numerator:

Number of KBH-eligible children ages 6 through 9 years with at least one KBH dental screen.

Denominator:

Number of KBH-eligible children ages 6 through 9 years.

Units: 100 Text: Percent

**HEALTHY PEOPLE 2010 OBJECTIVE** 

**DATA SOURCES AND DATA ISSUES** 

**SIGNIFICANCE** 

Kansas Department of Social and Rehabilitation Services (SRS). Adhoc reports.

This performance measure is directly related to the "oral health capacity" priority need. KBH is the Kansas' EPSDT program. "Dental caries is perhaps the most prevalent disease known. Except in its early stages, it is irreversible and cumulative. Children aged 6 though 8 are at an important state of dental development. The importance of optimal oral health for these children is not only to their current oral functioning, but also for long-term health. Community water fluoridation, use of preventive services (sealants and topical fluoride treatments) and appropriate oral health behaviors decrease the chance that children will develop caries. Many children, particularly those in high-risk groups, do not receive adequate fluoride exposure or adhesive sealants, regular professional care, or oral hygiene instruction. For children from low-income families,

a significant hurdle is paying for services." (Title V Block Grant Guidance)

PERFORMANCE MEASURE: Percent of infants who have received health care according to the recommended schedule.

STATUS: Active

GOAL Increase the percent of infants who receive health care according to the recommended health care schedule.

**DEFINITION**Kan Be Healthy screening data was used as a proxy measure of percent of Kansas infants who receive health care

according to the recommended schedule.

Numerator:

Actual number of KBH screens.

Denominator:

Expected number of KBH screens for infants under age 1 based on periodicity schedule, enrollment period, and other

factors.

Units: 100 Text: 1

**HEALTHY PEOPLE 2010 OBJECTIVE** 

**DATA SOURCES AND DATA ISSUES** 

SIGNIFICANCE

Kansas Department of Social and Rehabilitation Services (SRS). HCFA Annual EPSDT Participation Report.

This performance measure is related to the "coordinated systems of care" priority need. Local stakeholders clearly identified categorical barriers and lack of coordinated systems as a problem. Unless remedied, local program managers expect these issues to be manifested in decreased KBH screen rates and decreased immunization rates. KBH is Kansas' EPSDT program. "The EPSDT program is a national initiative to provide quality comprehensive services to all Medicaid eligible children." (Title V Grant Guidance) For improved health outcomes, it is important that all children, especially infants, receive

the recommended number of well-child screenings.

3. Section Number: Health Systems Capacity Indicator #03

Field Name: HSC03 Row Name: Column Name: Year: 2005 Field Note:

FFY2003 information is not available. The new Medicaid Management Information System (MMIS) was initiated in October, 2003 and the data conversion is still being updated.

According to Medicaid data staff, there are no notable differences in data reporting that would account for the significant increase in SCHIP enrolled infants that got at least one service during calendar year 2002. Instead, Medicaid data staff say the increase is probably linked to the increase to the number of months of eligibility each child under age one had during the reporting years. By way of explanation - Very few children are covered from the month of birth under the SCHIP program (only those whose mothers were also covered by HealthWave 21 at the time of birth). Usually children reported in the under age one category are receiving services for a variable amount of time from the date of eligibility until their first birthday (i.e., a full twelve months continuous eligibility is rare for these children). If a child had 10 months of eligibility in the program before turning age one, the child would be much more likely to also have a well child encounter submitted by the provider. If the child only had 3 months of eligibility before the first birthday, the likelihood decreases that there will also be a well child check submitted. So, Medicaid data people attribute the increase in this reporting statistic to the potential increase in the months of eligibility (due to maturity of the program, better public information, etc.) the child had during the subject time period and while their age was less than one.

MCH staff add that Kansas appears to be shortening the time from birth to enrollment (numerator) and also increasing the numbers of enrolled infants (denominator) through various outreach efforts, including those of MCH and the public health system. Plus more families may be signing their infants up and doing so earlier due to economic circumstances.

4. Section Number: Health Systems Capacity Indicator #04

Field Name: HSC04 Row Name: Column Name: Year: 2005 Field Note:

2003 data is not currently available. The Office of Vital Statistics estimates 2003 data will be released Sept., 2004.

The 1999 through 2002 numerators and/or denominators were updated.

Percent of population aged 15-44 scoring "Adequate" or "Adequate Plus" on APNCU Index.

Data Source:

Numerator - Center for Health & Environmental Vital Statistics, calendar year, resident live birth data.

Denominator - Resident live births

5. Section Number: Health Systems Capacity Indicator #07

Field Name: HSC07 Row Name: Column Name: Year: 2005 Field Note:

FFY2003 information is not available. The new Medicaid Management Information System (MMIS) was initiated in October, 2003 and the data conversion is still being updated.

6. Section Number: Health Systems Capacity Indicator #08

Field Name: HSC08 Row Name: Column Name: Year: 2005 Field Note:

Data Source: Numerator=Participants in Kansas Title V CSHCN program less than 16 years of age receiving SSI benefits (CSHCN database). State FY 2003=Calendar Year 2003; Denominator=Social Security Administration, December 2003.

Rate (per 100,000) of juvenile crime arrests	431.7	540.1		2002
Percentage of high school drop-outs (grade 9 through 12)	2.1	4.7		2003

# **FORM 21 HEALTH STATUS INDICATORS DEMOGRAPHIC DATA**

STATE: KS

HSI #10 - Demographics (Geographic Living Area) Geographic living area for all resident children aged 0 through 19 years old. (Demographics)

GEOGRAPHIC LIVING AREAS	TOTAL
Living in metropolitan areas	454,381
Living in urban areas	548,771
Living in rural areas	206,292
Living in frontier areas	25,561
Total - all children 0 through 19	780,624

The Total will be determined by adding reported numbers for urban, rural and frontier areas.

### FORM 21 **HEALTH STATUS INDICATORS DEMOGRAPHIC DATA** STATE: KS

HSI #11 - Demographics (Poverty Levels) Percent of the State population at various levels of the federal poverty level. (Demographics)

POVERTY LEVELS	TOTAL
Total Population	2,623,956.0
Percent Below: 50% of poverty	5.0
100% of poverty	<u>12.1</u>
200% of poverty	30.5

### FORM 21 **HEALTH STATUS INDICATORS DEMOGRAPHIC DATA** STATE: KS

HSI #12 - Demographics (Poverty Levels) Percent of the State population aged 0 through 19 at various levels of the federal poverty level. (Demographics) 

POVERTY LEVELS	TOTAL
Children 0 through 19 years old	696,519.0
Percent Below: 50% of poverty	
100% of poverty	12.1
200% of poverty	31.9

### FORM NOTES FOR FORM 21

None

#### FIELD LEVEL NOTES

 Section Number: Indicator 06A Field Name: S06\_Race\_Infants Row Name: Infants 0 to 1

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

Section Number: Indicator 06A
 Field Name: S06\_Race\_Children1to4
 Row Name: children 1 through 4

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

3. Section Number: Indicator 06A Field Name: S06\_Race\_Children5to9 Row Name: children 5 through 9

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

Section Number: Indicator 06A
 Field Name: S06\_Race\_Children10to14
 Row Name: children 10 through 14

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

Section Number: Indicator 06A
 Field Name: S06\_Race\_Children15to19
 Row Name: children 15 through 19

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

Section Number: Indicator 06A
 Field Name: S06\_Race\_Children20to24
 Row Name: children 20 through 24

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

 Section Number: Indicator 06B Field Name: S06\_Ethnicity\_Infants

Row Name: Infants 0 to 1

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

8. Section Number: Indicator 06B Field Name: S06\_Ethnicity\_Children1to4

Row Name: children 1 through 4

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

Section Number: Indicator 06B
 Field Name: S06\_Ethnicity\_Children5to9
 Row Name: children 5 through 9

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

10. Section Number: Indicator 06B

Field Name: S06\_Ethnicity\_Children10to14 Row Name: children 10 through 14

Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

11. Section Number: Indicator 06B

Field Name: S06\_Ethnicity\_Children15to19

Row Name: children 15 through 19 Column Name:

Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

12. Section Number: Indicator 06B

Field Name: S06\_Ethnicity\_Children20to24 Row Name: children 20 through 24 Column Name: Year: 2005 Field Note:

The 2002 population was calculated using census estimates (Bridged-Race Vintage data set).

13. Section Number: Indicator 07A Field Name: Race\_Women15 Row Name: Women < 15</p>

Row Name: Wom Column Name: Year: 2005

Field Note:
For the reporting year 2002, 6 white women had there age designated 0.

14. Section Number: Indicator 07A Field Name: Race\_Women15to17 Row Name: Women 15 through 17

Column Name: Year: 2005 Field Note:

For the reporting year 2002, 6 white women had there age designated 0.

15. Section Number: Indicator 07A Field Name: Race\_Women18to19 Row Name: Women 18 through 19

Column Name: Year: 2005 Field Note:

For the reporting year 2002, 6 white women had there age designated 0.

Section Number: Indicator 07A
 Field Name: Race\_Women20to34
 Row Name: Women 20 through 34

Column Name: Year: 2005 Field Note:

For the reporting year 2002, 6 white women had there age designated 0.

 Section Number: Indicator 07A Field Name: Race\_Women35 Row Name: Women 35 or older

Column Name: Year: 2005 Field Note:

For the reporting year 2002, 6 white women had there age designated 0.

18. Section Number: Indicator 07B Field Name: Ethnicity\_Women15 Row Name: Women < 15</p>

Column Name: Year: 2005 Field Note:

For 2002 total live births, 2 "Non-Hispanic", 1 "Hispanic", and 3 "Ethnicity not Reported" had 0 as their age.

Section Number: Indicator 07B
 Field Name: Ethnicity\_Women15to17
 Row Name: Women 15 through 17

Column Name: Year: 2005 Field Note:

For 2002 total live births, 2 "Non-Hispanic", 1 "Hispanic", and 3 "Ethnicity not Reported" had 0 as their age.

Section Number: Indicator 07B
 Field Name: Ethnicity\_Women18to19
 Row Name: Women 18 through 19

Column Name: Year: 2005 Field Note:

For 2002 total live births, 2 "Non-Hispanic", 1 "Hispanic", and 3 "Ethnicity not Reported" had 0 as their age.

21. Section Number: Indicator 07B Field Name: Ethnicity\_Women20to34 Row Name: Women 20 through 34

Column Name: Year: 2005 Field Note:

For 2002 total live births, 2 "Non-Hispanic", 1 "Hispanic", and 3 "Ethnicity not Reported" had 0 as their age.

 Section Number: Indicator 07B Field Name: Ethnicity\_Women35 Row Name: Women 35 or older

Column Name: Year: 2005 Field Note:

For 2002 total live births 2 "Non-Hispanic", 1 "Hispanic", and 3 "Ethnicity not Reported" had 0 as their age.

Section Number: Indicator 09A
 Field Name: HSIRace\_Children
 Row Name: All children 0 through 19

Column Name: Year: 2005 Field Note:

Data Source: Center for Health and Environmental Statistics, KDHE.

\*Asian and Haw/PI were combined.

24. Section Number: Indicator 09A

Field Name: HSIRace\_SingleParentPercent

Row Name: Percent in household headed by single parent

Column Name: Year: 2005 Field Note:

Data Source: 2002 American community Survey Summary Tables (026, P027A-K).

25. Section Number: Indicator 09A Field Name: HSIRace\_TANFPercent

Row Name: Percent in TANF (Grant) families

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

Section Number: Indicator 09A
 Field Name: HSIRace\_MedicaidNo
 Row Name: Number enrolled in Medicaid

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

27. Section Number: Indicator 09A Field Name: HSIRace\_SCHIPNo Row Name: Number enrolled in SCHIP

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

28. Section Number: Indicator 09A Field Name: HSIRace\_FoodStampNo

Row Name: Number enrolled in food stamp program

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

29. Section Number: Indicator 09A Field Name: HSIRace\_WICNo Row Name: Number enrolled in WIC

Column Name: Year: 2005 Field Note:

Data Source: Kansas WIC system (being phased out). Unduplicated number of children (age 1-5) and infants plus estimated unduplicated number of women aged 17 and younger at time of conception. The WIC system (being phased out) reports "Hispanic" as a race. Thus, other race categories may include both hispanic and non-hispanic.

Kansas WIC system (KWIC) started implemented in August, 2003 and was not completed until May, 2004 (i.e., not all clinics were equiped with the KWIC in 2003). Combining the data from the new and old systems to extract unduplicated numbers is cumbersom, the decision was made to not to use KWIC system data for 2003.

30. Section Number: Indicator 09A

Field Name: HSIRace\_JuvenileCrimeRate

Row Name: Rate (per 100,000) of juvenile crime arrests

Column Name: Year: 2005 Field Note:

Data Source: Kansas Bureau of Investigation: 2002 Juvenile Crime Arrests reported by April, 2004. (Total Crime Index Arrests: Murder/Non-neg Manslaughter, Negligent Manslaughter, Rape, Robbery, Aggravated Assault/Battery, Burglary, Theft, Motor Vehicle Theft, Arson).

31. Section Number: Indicator 09A

Field Name: HSIRace\_DropOutPercent

Row Name: Percentage of high school drop-outs (grade 9 through 12)

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Education. 2002-2003 school year.

Numberator = Number of dropouts in grades 9-12. Denominator = Enrollment in grades 9-12.

Section Number: Indicator 09B
 Field Name: HSIEthnicity\_Children
 Row Name: All children 0 through 19

Column Name: Year: 2005 Field Note:

Data Source: Center for Health and Environmental Statistics, KDHE.

33. Section Number: Indicator 09B

Field Name: HSIEthnicity\_SingleParentPercent

Row Name: Percent in household headed by single parent

Column Name: Year: 2005 Field Note:

Data Source: 2002 American community Survey Summary Tables (026, P027A-K).

34. Section Number: Indicator 09B

Field Name: HSIEthnicity\_TANFPercent Row Name: Percent in TANF (Grant) families

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

35. Section Number: Indicator 09B
Field Name: HSIEthnicity\_MedicaidNo

Row Name: Number enrolled in Medicaid

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

**36. Section Number:** Indicator 09B Field Name: HSIEthnicity\_SCHIPNo

Row Name: HSIEthnicity\_SCHIPNo Row Name: Number enrolled in SCHIP Column Name:

Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

37. Section Number: Indicator 09B

Field Name: HSIEthnicity\_FoodStampNo

Row Name: Number enrolled in food stamp program Column Name:

Column Name Year: 2005 Field Note:

Data Source: Kansas Department of Social and Rehabilitation Services. FFY2002=Calendar Year 2002.

Section Number: Indicator 09B
 Field Name: HSIEthnicity\_WICNo
 Row Name: Number enrolled in WIC

Column Name: Year: 2005 Field Note:

Data Source: Kansas WIC system (being phased out). Unduplicated number of children (age 1-5) and infants plus estimated unduplicated number of women aged 17 and younger at time of conception. The WIC system (being phased out) reports "Hispanic" as a race. Thus, other race categories may include both hispanic and non-hispanic.

Kansas WIC system (KWIC) started implemented in August, 2003 and was not completed until May, 2004 (i.e., not all clinics were equiped with the KWIC in 2003). Combining the data from the new and old systems to extract unduplicated numbers is cumbersom, the decision was made to not to use KWIC system data for 2003.

39. Section Number: Indicator 09B

Field Name: HSIEthnicity\_JuvenileCrimeRate

Row Name: Rate (per 100,000) of juvenile crime arrests

Column Name: Year: 2005 Field Note:

Data Source: Kansas Bureau of Investigation: 2002 Juvenile Crime Arrests reported by April, 2004. (Total Crime Index Arrests: Murder/Non-neg Manslaughter, Negligent Manslaughter, Rape, Robbery, Aggravated Assault/Battery, Burglary, Theft, Motor Vehicle Theft, Arson).

Field Name: HSIEthnicity\_DropOutPercent

Row Name: Percentage of high school drop-outs (grade 9 through 12)

Column Name: Year: 2005 Field Note:

Data Source: Kansas Department of Education. 2002-2003 school year.

Numberator = Number of dropouts in grades 9-12.

Denominator = Enrollment in grades 9-12.

**41. Section Number:** Indicator 10 **Field Name:** Metropolitan

Row Name: Living in metropolitan areas

Column Name: Year: 2005 Field Note:

Metropolitan Areas (2002): Butler, Douglas, Harvey, Johnson, Leavenworth, Miami, Sedgwick, Shawnee, Wyandotte. (Source: U.S. Census Bureau,

http://eire.census.gov/popest/data/counties/tables, April 2003.)

42. Section Number: Indicator 10

Field Name: Urban

Row Name: Living in urban areas

Column Name: Year: 2005 Field Note:

Urban areas (2002): Counties with population densities of 40.0 or more persons per square mile. (Source: Kansas Annual Summary of Vital Statistics, 2002.)

43. Section Number: Indicator 10

Field Name: Rural

Row Name: Living in rural areas

Column Name: Year: 2005 Field Note:

Rual areas (2002): Counties with population densities of 6.0 - 39.9 persons per square mile. (Source: Kansas Annual Summary of Vital Statistics, 2002.)

14. Section Number: Indicator 10

Field Name: Frontier

Row Name: Living in frontier areas

Column Name: Year: 2005 Field Note:

Forntier areas (2002): Counties with population densities less than 6.0 persons per square mile. (Source: Kansas Annual Summary of Vital Statistics, 2002.)

**45. Section Number:** Indicator 11 Field Name: S11\_total

Row Name: Total Population
Column Name:

Year: 2005 Field Note:

U.S. Census Bureau - 2002 estimates

46. Section Number: Indicator 11

Field Name: S11\_50percent

Row Name: Percent Below: 50% of poverty

Column Name: Year: 2005 Field Note:

U.S. Census Bureau - 2002 American Community Survey Summary Tables. (factfinder.census.gov) PCT 062: Ratio of incoem in the past 12 months to poverty level - Universe: population for whom poverty status is determined.
